

## Mind At Zero

Took a little ride  
Thought my body died  
But it wasn't there too long

My brain got re-arranged  
Ev'rything was strange  
But it wasn't there too long

My heart began to race  
Kept lookin' for a face  
But the waves kept comin' strong

I pointed to the sun  
The journey had been done  
I could hear the unsung song

Got my mind at zero  
Nothing there  
Got my mind at zero  
You can climb the stair

Tripartan human  
Tryin' to keep from fumin'  
Caught inside a  
Major riddle

Sometimes to the left  
Sometimes to the right  
Somewhere in the major middle

Got my mind at zero .....

I began to cruise  
Tryin' not to blow my fuse  
But the waves were on the griddle  
I pointed to the sun  
The journey had been done  
I could play the unstrung fiddle

Got my mind at zero .....
