

Witness

You don't have
A penny in your pocket
But you're livin' so high

You play the fool
But who's the one that's foolin'
Your head's as big as the sky

There's no way
To put you down
Cause you know the tune

You see it all
As the world goes round
You're standin' on the moon

You are the witness
An actor on the stage
You never get caught
Or stuck between the pages
You are the witness
An actor on the stage
You have the secret
The wisdom of the ages

You don't look back
You got the grin
It's straight ahead and on the beat

You never sleep
You never sin
You know how to use the heat

It seems so fast
It seems so slow
The lights keep changing on the wheel

It doesn't matter
Where you go
You're on the point that's real

You are the witness
